The Custom Crimp SM300 Hose Skiver has the capacity to skive hoses from 1/2" to 3" either internally or externally.

Features:
• Capable of skiving ½" to 3" hose internally and externally.
• OD Carbide Skiving Inserts remain sharp for a long lasting service life.
• OD Carbide Skiving Insert blade have 4 useable cutting surfaces, which can be rotated quickly.
• OD and ID skive depth adjustability is easy and accurate.
• ID steel cutting blade provides clean ID skiving.
• Change from OD to ID skiving tool in seconds with PTO Coupling.
• SM 300 Hose Skiver can be easily controlled by a foot pedal, leaving the operator's hands free.
• Base mounting holes allow the hose skiver to be bench or truck bed mounted if required.

Notes:
ID and OD skiving tools sold separately.
Cart is optional (not included as standard).
Weight with optional cart: 175 lbs. / 79 kg.
