SKU
: 27715

BRAND
: Custom Crimp

MODEL
: D205-220/1

The D205 series crimper is a unique vertical crimper with functions and features that enable you to quickly and accurately crimp all your hose assemblies up to 2" 6 wire hose (with Double Angle Dies).

This powerful and versatile crimper is one of the best values on the market. Double Angle Dies allows users to double the 80 ton crimping force to 160 tons.

Bent Tube & Special Fittings: Easily removable pusher and split dies accommodate difficult crimps. (Show with Optional Spacer kit for more clearance)

Save Time:
Coupling Stop makes repetitive crimps faster by not having to visually align the fitting before each crimp.
Retraction stop and stop switch combine to speed up repetitive crimps.

Notes:
Crimper capacity is estimated based on typical 1-piece fitting. Actual results may vary depending on the hose and fitting manufacturer.

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
