*** Some features may vary without prior notice. Sale subject to inventory availability*

Applications:
These corrosion resistant, all-plastic designed ball valves are ideal for water filtration units, coffee and beverage machines and a wide variety of other fluid applications.

Specifications:
FDA compliant
NSF-51 listed for contact with food
Certified to NSF-61

Features:
EPDM seal secures connection with larger surface area than standard O-rings
Full flow self-cleaning ball
High-temperature, scale resistant Polysulfone ball

Construction:
Glass-reinforced Polypropylene body
O-ring seal material: EPDM

Safety notes:
Actual working pressures will be lower at elevated temperatures.
