Reelcraft's static discharge reels are used to ground equipment operating in hazardous atmospheres. When properly clamped to the ground, the static discharge reel dissipates static electrical buildup, reducing the chances of sparking and the potential for explosion. *3/32 in. O.D. steel aircraft cable. DC resistance is approximately one ohm per 50 ft. of steel cable.

Features:
Strength – Made from industrial grade carbon steel.
Compact design – Reels require little mounting space for applications where space is a critical requirement.
Corrosion resistance – Steel components are powder coated for superior corrosion resistance. Steel cable available with nylon coating for longer service life.
Easily adjust spring tension – Loosening two screws allows user to add or remove spring tension.

Applications:
Used to ground equipment in hazardous atmospheres, such as fuel trucks or carts transferring flammable materials. When properly clamped to ground, the static discharge reel dissipates static electrical buildup, reduces chances of sparking and the potential for explosion.

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov

TECHNICAL SPECIFICATIONS

Brand	Reelcraft
Factory Part Number	G3050
Length	50' / 15 mts
Clamp Material	Cooper
Material	Painted Steel
Clamp Rating	100 Amp
Color	Red
Coated Cable	No
Description	Single 7" x 7" stranded steel
Maximum Temperature	150° F
Weight Lb	11.2500
