Applications:
This indicator unit is designed to be mounted near the API discharge valves on road tanks. Multi product grade indicators are available individually and are used by simply pulling and turning the handle until the required information is displayed.

Features:
Capable of displaying 8 product identification labels that are user selectable
Can be mounted in typical locations near API with standard bolt hole pattern
Customizable labels are available by request

Construction:
Polished cast aluminum

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
