SKU
: 25312

BRAND
: DIXON VALVE

MODEL
: RC100CEZ

Applications:
Designed for use with liquids, consult Dixon for specific recommendations

Use:
For use with Strap-grip saddles and fittings

Specifications:
Produced to interchange with all product produced to Commercial Item Description A-A-59326D

Construction:
Buna-N gasket
Boss-Lock cam arms
Supplied with pull-ring safety clips

Available Options:
Other gasket types are available, contact Dixon.

How it works:
To make a connection, simply slide the adapter into the coupler and with normal hand pressure, press the cam levers down.
Uncoupling is as quick and simple as coupling. Just lift the cam arms and remove the adapter.
The cast-in lugs allow safety clips to be attached once the lugs are passed through slots in the special cam lever arms providing a positive locking action.
The pull ring safety clip simplifies the locking action on Boss-Lock couplers. No more inserting clips or dangling lanyards, just a twist and it's locked, giving you a low profile positive locking action.

Safety notes:
Under no circumstances should cam and groove couplings be used for
