SKU
: 5500

MARCA
: DIXON VALVE

MODELO
: 6-400-3501

Applications:
Butterfly valves are commonly used on dry bulk tankers to control the flow of product

Use:
Designed to be placed between 2 ASME/ANSI 125 or 150 lb. flanges.

Features:
Handles are high strength 713 aluminum, with a retrogressive re-aging process which creates as stronger handle than the cast iron handle which are commonly used in the industry.
Stainless discs are standard for superior wear resistance

Construction:
Aluminum body with stainless steel disc
Polymer bushings
FDA approved white Buna-N (Nitrile) seals and seats
Stainless steel spring, stem and locking lever pin
Aluminum handle and throttling plate

Note:
Flange gaskets are not required; the valves elastomer seat also doubles as the flange gasket.

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
