*** Some features may vary without prior notice. Sale subject to inventory availability*

DATE
: 11/23/2026 07:41 PM

SKU
: 19205

BRAND
: DIXON VALVE

MODEL
: SFC600

Features:
Two-step needle provides fine adjustments at low flow with the first three turns of the adjusting knob.
The next three turns give full-open needle position and conventional throttling control.
When flow is reversed, the heavy-duty poppet/retainer permits full-flow return capacity.
Exclusive color-coded reference scale on the adjusting knob greatly simplifies flow setting, resetting, adjusting and return to an original flow.
A simple set screw locks the valve on any desired setting.

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
