*** Some features may vary without prior notice. Sale subject to inventory availability*

Applications:
Bottom drop tees are used at the base of dry bulk tank hoppers. The bottom drop tee can be utilized just like a straight tee by using pneumatic conveyance or can be used for gravity dropping of the dry goods by opening the drop door on the base of the tee.

Use:
Flanged to the tank hopper and two 4" grooved pipe ends.

Specifications:
Dimensionally interchangeable with industry standard offerings.

Features:
High unloading rates and reduced flow turbulence
Bottom drop tees have easy to use swing out bottom drop door

Construction:
Rugged cast aluminum construction
Urethane Lined

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
