** Referential image*
*** Some features may vary without prior notice. Sale subject to inventory availability*

Use:
Designed to only fit the D150SDB nozzle

Features:
Designed to provide user with a means of 'reaching' desired washdown locations previously deemed unreachable by extending the nozzle by 3'
Adjustable spray tip can be changed from fan to solid spray by twisting the tip until the desired flow pattern is achieved.
Quick disconnect feature allows user to quickly connect wand to the nozzle

Safety notes:
Minimum pressure is 75 PSI, wand is not for use with steam.
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
