SKU
: 27532

MARCA
: DIXON VALVE

MODELO
: GYCSW100D

Applications:
For use in applications where leakage into or out of the valve is unacceptable such as heat transfer oil, toxic fluids, steam and regulated media.
Our bellows technology keeps corrosive or harmful atmospheric conditions from entering the process.
Specifications:
ANSI Class 800
Valve tested to ASME B16.34 / API 598
Meets MSS SP-117
5-year bellow warranty
Assembled and tested in a US ISO 9001:2015 certified facility
Features:
Stainless steel bellows provides longer life and maximum corrosion resistance
Zero stem leakage eliminates media loss and satisfies environmental regulations
Zero maintenance results in lower operating costs / no downtime
Reduce monitoring costs
Construction:
Three stem seals for safety: metallic bellows, graphite packing, backseat in open position
Hardfaced Stellite® 6 seating surface provides long life
Welded bonnet
Socket weld
Available Options:
Additional alloys, trims, end configurations and sizes are available, contact Dixon for details.
Stellite®/Stellite®
Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
Dixon recommends that all valve assemblies be tested in accordance with ASME and API recommendations and be inspected regularly to ensure that
