*** Some features may vary without prior notice. Sale subject to inventory availability*

Applications:
Straight tees are used at the base of dry bulk tank hoppers. With straight tees the dry bulk product is unloaded utilizing a blower generated pneumatic flow through the straight tee and air pressure on top of the hopper.

Use:
Flanged to the tank hopper and two 4" grooved pipe ends.

Specifications:
Dimensionally interchangeable with industry standard offerings.

Features:
Straight tees are cast as one-piece
High unloading rates and reduced flow turbulence

Construction:
Rugged cast aluminum construction

Safety notes:
WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
