*** Some features may vary without prior notice. Sale subject to inventory availability*

Applications:
Used in trans-loading between mobile tanks or remote fix storage tanks and a cargo tank. Also used in pump out applications.

Use:
Designed to easily connect to the float or non-IS relay output on any FloTech Onboard Monitor.
Suitable for use in hazardous locations and connections to agency approved onboard monitors
Standard device used on military refueling vehicles

Features:
Provides a visual and audible alarm
Provides multiple sets of form C relay contact with both "normally open" and "normally closed" contact sets
Switch allows operator to manually turn the alarm on and off when not in use

Construction:
Non-corrosive and weather-tight enclosure

Compatibility & Interchange Data:
Compatible with any of the popular onboard monitors in use today

Note:
All FloTech™ electronics manufactured after January 1, 2015 are covered by our 5 year warranty.

Safety notes:
