Designed for global Air King

Features:
A low profile streamline appearance with maximum retention.
Lightweight

Note:
For crimp recommendations and ferrule OD ranges, contact Dixon.

Safety notes:
Air King is for air and water service only
Never use any Air King coupling for steam service!
The use of an Air King safety clip or wire type retainer is necessary to ensure Air King universal couplings will not become accidentally disconnected.
To provide protection against coupling breakage and related hazards, Dixon recommends the use of a whip hose.
